Parents who have children that are learning to read often have a hard time explaining to them how to read and what they are learning. Simply saying, "Read this book" is not going to make much sense to your child until they understand how you read or what they are reading. This book will guide you through a process of learning how to read that will help your child understand what they are learning. This book was written specifically for parents who are having difficulty teaching their children how to read, but it can also be a valuable resource to teachers and educators. The book is divided into 10 sections and each section focuses on a specific topic that will help you understand how to teach your child how to read. The book begins by laying out the different levels of reading that your child can be on. It also discusses basic reading skills that your child will need to know. The first chapter discusses the child's innate ability to learn how to read and 82157476af
